LAr. Dr. Roziya Ibrahim is currently a Lecturer at the Department of Landscape Architecture, Faculty of Design and Architecture, Universiti Putra Malaysia. She is also a Corporate Member of the Institute of Landscape Architects Malaysia (ILAM) since 2006.

Roziya Ibrahim received her Bachelor of Landscape Architecture degree in 2000 from Universiti Putra Malaysia. After graduating, she was engaged with In-site Design, a Landscape consultant company in Kuala Lumpur, which mostly involved in residential, institutional and public park development projects. In 2005, she joined the Department of Landscape Architecture, Faculty of Design and Architecture as a Tutor and was appointed as a Lecturer upon completion of her Master Science (Landscape Studies) in 2010. She received her PhD (Landscape) from the University of Sheffield in 2016.

Roziya's areas of specialization are in landscape architecture, ecological landscape design and management and softscape quality standards for

landscape construction and maintenance. Her research interests are in the area of sustainable landscape management and landscape quality standards, looking at potentials of managing urban landscape towards a more ecologically and sustainable landscape practices. She focuses on expanding the role of urban landscapes in managing urban stormwater and, at the same time introducing a natural landscape approach for biodiversity enhancement.

Besides her academic role, Roziya is the Coordinator of Student Affairs and Alumni, Department of Landscape Architecture, FRSB and the secretary of the Landscape Architecture Alumni Club, (KASEL) UPM. She is also a member of the Park and Landscape Plant Research Group, FRSB, Universiti Putra Malaysia. She has been appointed by ILAM as a Facilitator for the Environmental and Ecology Focus Group for GBI Township Assessment Tool.
